

# Asean Ports & Shipping 2002

Shangri-La Hotel Jakarta  
Thursday 23 & Friday 24 May 2002

- Analyse what implications changes in the global economy will have on the Indonesian container shipping and ports industry
- Examine port investment requirements in the light of growing throughputs, larger vessels and changing services
- Participate in a conference focusing on how Jakarta can become a national and regional hub port

- Compare European and Asean port development experiences
- Learn about the latest in new technology for shipping lines and ports and how these can assist in reducing costs and improving efficiency
- Network with your key customers, suppliers and business partners that this event will provide
