INTERCONTINENTAL®
KUALA LUMPUR

A middle-aged man with grey hair, glasses, and a mustache is speaking at a podium. He is wearing a dark blue suit jacket over a light-colored striped shirt. A microphone is positioned in front of him. The podium features the InterContinental logo and the text 'INTERCONTINENTAL® KUALA LUMPUR'. The background consists of a wall with vertical panels and a decorative light fixture.

Celebrating 100 years supporting transport
and logistics professionals

INTERCONTINENTAL.
KUALA LUMPUR

A man with dark hair, wearing a black face mask, a blue button-down shirt, and a black blazer, stands behind a podium. He is looking slightly to his left. A microphone is positioned in front of him. The podium has a dark, arched top with the InterContinental logo and text. A lanyard with a badge is visible around his neck. The background consists of vertical wooden panels and a warm, glowing light source.

**Rodolphe Saadé,
Chairman & CEO of
the CMA CGM Group**

2

Saadé, a visionary captain of industry

- Chairman and CEO of the CMA CGM Group since 2017, Rodolphe Saadé is writing a new page in the Group's history, one that will leave its mark on the entire shipping and logistics industry. His bold strategy is customer-centric and will enable the company to continue its development as a responsible corporate citizen.
- Driven by a strong entrepreneurial spirit, he is implementing a differentiating digital transformation that creates value for customers and strengthens the Group's competitiveness. This vision is fueled by the vibrant talent and two corporate investment funds and several partnerships that leverage the Group's expertise.
- Rodolphe Saadé initiated a major strategic shift with the acquisition of CEVA Logistics, a world leader in logistics. With CEVA, the CMA CGM Group is now able to combine sea, land and air transport with high performance solutions worldwide.
- Aware of the environmental challenges facing the world, he is pushing the entire industry towards a more sustainable future. That is both pragmatic and visionary. Alongside Emmanuel Macron, he is committed to the energy of the future, and as such has made some bold decisions, such as investing in hydrogen R&D with Energy Observer as well as the commitment to net zero.
