Mediterranean Ports and Logistics Continues to be the Biggest  
Annual Ports and Logistics Trade Event for the Mediterranean Region

1<sup>st</sup> August 2024

# Mediterranean Ports and Logistics 2026

**Exhibition and Conference**  
**Tuesday 28 to Thursday 30 April 2026**  
**Porto, Portugal**

Dear Colleague,

To provide a networking opportunity between foreign and local investment in East African maritime transport infrastructure, APDL – Port Authority of Douro, Leixões and Viana do Castelo, is delighted to host the 14<sup>th</sup> Mediterranean Ports and Logistics 2026 Exhibition and Conference taking place in Porto, Portugal from Tuesday 28 to Thursday 30 April 2026.

Holding this event in Porto will promote Mediterranean, European and African ports, shipping and transport logistics infrastructure to foreign investment and trade.

A two days Conference Programme will feature **30** world-class conference speakers addressing topical issues and challenges for East Africa's transportation and logistics infrastructure attended by a gathering of **250** senior executive harbour masters, harbour engineers, port engineers, maintenance supervisors and procurement decision makers together with the region's leading shippers, cargo owners, importers / exporters, shipping lines, freight forwarders, logistics companies, ports, terminal operating companies, railway operators, port equipment and services suppliers from countries throughout the Mediterranean, European and African region.

There will be the commercial opportunity for a limited number of **40** exhibitors and sponsors to network directly with delegates at this major annual international maritime transport Exhibition and Conference trade event in Porto.

You are invited to reserve your first choice of exhibition stands on the Exhibition Floorplan and register a conference delegation while there is still some availability!

We look forward to welcoming you to our beautiful country and to your participation during the 14th Mediterranean Ports and Logistics 2026 Exhibition and Conference taking place in Porto from Tuesday 28 to Thursday 30 April 2026.

Yours sincerely,

*João Pedro Neves*  
*President of the Board of Directors*

# MEET THE SPEAKERS

**Nishal Sooredoo** Moderator

**Associate Director – Ocean Shipping Consultants, Haskoning, United Kingdom**

Nishal Sooredoo is an Associate Director highly experienced in port economic feasibility and market studies. Prior to joining OSC, Nishal held roles at both Drewry and ARUP, where he was involved in numerous port projects worldwide, covering port developments and transport analysis, market studies, corporate strategy and due diligence. His particular area of expertise lies in the container and dry bulk sectors, notably in Latin America, Africa and Europe. Nishal was the lead commercial advisor for the sale of Goldman Sachs and InfraCapital's 30% stake in Associated British Ports for £1.6bn (sell side). Nishal holds an MSc in Maritime Economics and Logistics from the Erasmus University in Rotterdam.

**Dinesh Sharma**

**Director, Drewry Maritime Advisors, United Kingdom**

Dinesh is a Director within Drewry Maritime Advisors and leads the London advisory team. He has more than 15 years' operational experience in shipping and ports and more than 20 years' advisory project work experience primarily in the container shipping, ports and terminals sector. Dinesh also leads Drewry's ferry, RoRo and cruise practice team.

**Nasser Tlassella**

**Managing Director, Tanger Med Engineering, Kingdom of Morocco**

Mr. Nasser Tlassella holds the position of Managing Director of Tanger Med Engineering (TME) since 2020. Before starting his career at Tanger Med as Engineering Director in 2008, he held engineering project management positions in multinational design offices and construction companies since 1995. With more than 28 years of experience in the field of Ports and Industrial infrastructures development, Mr. Tlassella oversaw the construction of several important projects during his administration, including the expansion of Tanger Med Port II and logistic zone, Passenger and RO-RO Tanger Med Port expansion, the Tanger Free Zone, the Tanger Automotive City and other industrial zones. He also assumed design and work supervision of other projects in Morocco such as marinas, roads, water and waste water infrastructure, and commercial and tourist areas.

**Patrick Bret**

**Head of Service Development, Short Sea, Conventiennel and Group Export, HAROPA Port, French Republic**

Patrick Bret is area manager for the African Continent and french Overseas departments and territories. He is also in charge of short sea and Breakbulk development Department in HAROPA PORT organization. After a high school degree, he began his career in international forwarding agencies and french shipping companies and joined the Port of Rouen as Key account manager. Further, he created the Africa and developing countries department, dealing with African shippers, shipowners and logistic companies. He initiates actions toward developing countries in latin America and Carribean islands including the setting up of international conferences as « Africa Translog » in Burkina Faso, and official missions in Brasil concerning timber trades. Patrick Bret is also Official French International trade counsellor of the government and has activities for the french minister of defence.

**Jaroslaw Warzecha**

**Director Business Unit Port, Vahle Group, Federal Republic of Germany**

Jaroslaw Warzecha is working for the VAHLE Group as the Director Business Unit Port at VAHLE Group, he leads the global sales and project management of innovative electrification and automation solutions for ports. He has more than 20 years of experience at VAHLE Group and more than 10 years in the container terminal business. His previous activities include the global project coordination of multiple electrification & automation projects of both green- and brownfield Terminals.

**Eduard de Visser**

**Executive Director, Maritime & Transport Business Solutions (MTBS), The Netherlands**

Mr. de Visser is the Executive Director at MTBS, with over 25 years of experience in the port management. As former Director of Strategy and Innovation at Port of Amsterdam, he shaped the port's long-term strategic agenda with a strong focus on the energy transition, offshore wind, and sustainable port development. Mr. de Visser has extensive experience in Strategy Development, Cargo Forecasting, Public-Private Partnerships, spatial planning, and land lease structures, particularly in complex industrial environments. His work involves close collaboration with Terminal Operators, Shippers, government bodies, energy companies, and infrastructure investors to accelerate the shift towards a low-carbon economy. Prior to joining the Port of Amsterdam, he worked in strategic and financial consultancy for international port and maritime projects. His expertise lies at the intersection of innovation, infrastructure, and policy, making him a trusted advisor and thought leader in sustainable port development and industrial transformation.

**Javier Cazin**

**Sales Manager – Africa, RAM Spreaders, Kingdom of Spain**

Javier, RAM's Sales Manager for Africa, joined the company in 2020 after 5 years in the port industry. He is firmly focused on delivering the most cost-effective container handling solutions from RAM to ports and terminals in Africa. Before joining RAM, Javier worked at leading companies in the port industry. He was always dedicated to the African market, opening new markets and establishing a network of dealers and after-sales service. Since joining RAM, Javier has also been instrumental in providing customers with after-sales support delivering on-site practical and theory training.

# MEET THE SPEAKERS

**Amine Malti**  
**Ports and Maritime Projects Director, Tanger Med Engineering, The Kingdom of Morocco**

Amine is a Ports and Maritime Project Director with 18 years of experience specializing in ports and maritime sectors. His expertise spans a wide spectrum, from consulting, project management and detailed design, coastal engineering, civil works and contract negotiation. Amine's leadership has driven the success of diverse ports and maritime projects across the Gulf and African region.

**Tamta Robakidze**  
**Commercial Director, ITEX LLC (Subsidiary of Tegeta Motors), Georgia**

A strategic leader driving global growth through innovative logistics and market development. With expertise spanning transcontinental trade and AI-driven strategy, the company transforms complex international challenges into scalable, sustainable success.

**Michael Paschko**  
**Application Engineering, BROSA, Federal Republic of Germany**

Application Engineer at BROSA with extensive experience in developing and integrating load measurement and control systems for cranes and port machinery. He leads global project acquisition, technical consulting, customer support, and develops customized application software ensuring reliable and innovative system solutions.

**Christophe Gaigneux**  
**South Europe Regional Sales Manager, Charging & Power Transfer, Wabtec Corporation, French Republic**

Christophe joined Stemmann-Technik, a Wabtec company, in 2020 as a Sales and Product Manager specializing in Ports & Maritime. He is responsible for leading sales activities across France, Spain, Portugal, and the Mediterranean region. Prior to joining Wabtec, Christophe spent seven years at Schneider Electric, where he worked as a Shore Power (OPS) Consultant. During this time, he was actively involved in business development, sales, and project management. Customer-oriented and open-minded, Christophe is dedicated to supporting customers and partners on a daily basis, delivering value-driven solutions. He holds degrees in Automation and Robotics, is a Mechanical Engineer, and has a Master of Science in Accounting. Christophe is also a co-founder and member of the European Onshore Power Supply Association (EOPSA).

**Miguel Basto**  
**MAERSK Portugal Country Representative & Head of Direct Transport CX for Iberia & France, MAERSK, Portuguese Republic**

Miguel Basto currently serves as Country Representative for Portugal at Maersk and Head of Direct Transport Customer Experience for Iberia & France, where he is responsible for driving operational excellence, strengthening customer engagement, and delivering sustainable business growth across the region. With a career spanning leading global organizations, including Maersk, DHL, and Super Bock Group, Miguel has developed deep expertise in aligning strategic priorities with operational execution. Miguel brings a strong focus on financial discipline, innovation and continuous improvement, consistently delivering measurable impact on overall business performance. Known for his collaborative leadership style, he is committed to building resilient organizations and fostering long-term partnerships that create lasting value for customers and stakeholders alike.

**Robert Aumüller**  
**Head of Business Unit Port Application, Sennebogen, Federal Republic of Germany**

Robert Aumüller is with Sennebogen since 2001 and developed over the years in different regions the Sennebogen Distribution Network in countries like Russia, Ukraine, Scandinavia and other Northern European countries. Since 2020 he is focusing on Port applications and developing the Sennebogen products & sales organisation especially for that market. Sennebogen has a 70 years history in developing Material Handling solutions with Hydraulic Material Handlers and Cranes for various industries like Ports, Recycling, Timber and Construction.

**Nicolo' Stoppino**  
**DSP Sales Account Area Manager, Data and System Planning (DSP), Swiss Confederation**

Nicolo' has been working since 2002 in the sales area. He has worked for some big Italian and international companies mainly in the Energy Sector. Nicolo' joined DSP in 2020 and now is an Area Manager. Nicolo' is specialized in selling sales strategies and negotiation. Nicolo' has a Degree in Political Science.

# MEET THE SPEAKERS

**Luca Duglio**  
**Sales Director, Dellner Bubenzer, Italian Republic**

Luca Duglio career started in the early 2000s in the port sector with Bubenzer. Luca Duglio joined Dellner Bubenzer's sales organization in 2018, managing key accounts and the Mediterranean region, while leading Storm Brakes development in Italy.

**Jose García Sancho**  
**Telecommunications Technical Engineer, SIBRE, Kingdom of Spain**

Jose García works as a Engineer at SIBRE. He is a seasoned telecommunications engineer with a Master's degree in Industry 4.0, bringing more than 25 years of experience in the IT and industrial sectors. Passionate about technology and innovation, he has spent his career supporting the growth of global companies. His work focuses on projects and products related to Industry 4.0, including automation, IoT, artificial intelligence, big data, and advanced machine-learning algorithms, supported by state-of-the-art sensor technologies. Through these technologies, he helps transform complex operational data into valuable insights that enable smarter decision-making and more resilient industrial systems.

**Enrique Marchessi**  
**Area Sales Director – South Europe, Mediterranean & West Africa Bromma Conquip, Kingdom of Spain**

Enrique Marchessi is a proven leader in the container handling industry with over 25 years of experience excelling in sales, service, and project management. Currently serving as BROMMA's Area Sales Director for South Europe, the Mediterranean, and West Africa, Enrique is dedicated to ensuring customers feel supported through accessible service and innovative product solutions. Throughout his extensive career, which includes over two decades at PACECO ESPAÑA, S.A., he has built a reputation for driving operational excellence and fostering strong, trust-based partnerships with global key accounts. He combines technical engineering discipline with a collaborative leadership style, focusing on empowering teams and leveraging creativity to develop mutually beneficial solutions for his clients.

**Giovanni Migliaccio**  
**Senior Vice President Sales & Marketing, Solvo Europe B.V., The Netherlands**

Giovanni Migliaccio is the Senior Vice President Global Sales & Marketing and CEO of Solvo Italy with a demonstrated history of working in the maritime and port industry with more than 20 years' experience. He joined Solvo in 2016 and previously has been working for major terminal and logistic operators in different management roles, from the Cost Control to IT and R&D, Operations & Sales Management, International Shipping and Logistic Support. Strong sales professional with an International Economics Degree and a 2<sup>o</sup> level master focused in European Transport Law.

**Marie-Elisabeth Makohl**  
**Chief Executive Officer, SEAL Robotics, Federal Republic of Germany**

Marie-Elisabeth Makohl studied Computer Science for her Bachelor's and Master's Degrees. She has worked in the robotics industry for over three years at Fraunhofer and conducted projects at TU Berlin, TU Munich, German Aerospace Center and ESA. Her career expanded into the maritime industry, where she gained a perspective-combining expertise in vessel manufacturing with firsthand experience from life aboard containerships. Driven by a passion for technology and innovation, she went on to co-found and now serves as the CEO of SEAL Robotics, where she leads efforts to a robotics solution for automated twistlock and pinhandling. Her entrepreneurial achievements have been recognized with multiple German entrepreneurship awards.

**Lucía Sánchez de la Guía**  
**Sales Application Engineer, TMEIC Port Technologies, Kingdom of Spain**

Lucía Sánchez de la Guía, Sales Application Engineer with 5 years in port and terminal automation. Engineering background focused on understanding evolving market needs and translating them into efficient, practical, and client-oriented solutions.

**Alonso Castro**  
**Business Development Manager, Kymati GmbH, Federal Republic of Germany**

Alonso Castro is a business development and technology specialist helping container terminals implement radar-based localisation, predictive collision avoidance, and GPS-independent positioning to improve safety and operational efficiency.

# MEET THE SPEAKERS

**Elenise Pinto**

**Comercial Executive, Sociedade Gestora de Terminals, S.A (SOGESTER), Republic of Angola**

Elenise Pinto, currently the Sales Executive at Sogester, where she work closely with clients to help achieve efficiency and success in the port logistics industry. With a bachelor's degree in Business Administration and a master's in Maritime Economics and Logistics, Elenise bring both a strategic business mindset and in-depth industry knowledge to the role. Her 5 years in Human Resource taught her the importance of building strong relationships, the skills use to create valuable partnerships with clients. At Sogester, she is committed to understanding each client's unique needs and delivering solutions that drive growth and operational excellence.

**Carlos Castro**

**Senior Technician, Madeira Port Authority, Autonomous Region of Madeira**

Electrical Engineer at Madeira Port Authority, focused on sustainable port operations, energy systems, and innovation. Experienced in maintenance and project development, contributing to improved efficiency, resilience, and long-term port competitiveness.

**Harry Palmer**

**Risk Assessment Manager, TT Club, United Kingdom**

Harry is a Risk Assessment Manager for TT Club's Loss Prevention Team, based in our London office. Harry joined TT Club in 2025 and has extensive experience in port engineering, with over a decade of experience in engineering consultancy, providing technical expertise on a broad range of matters within the ports and terminals sector. He has also provided casualty response and expert witness services with respect to port civil engineering and is a Chartered Civil Engineer.
