Mediterranean Ports and Logistics Continues to be the Biggest
Annual Ports and Logistics Event for the Mediterranean Region

Port Network Authority
of the Eastern Adriatic Sea
Ports of Trieste and Monfalcone

Trieste, April 2nd 2026

Dear Valued Colleague,

The Port Network Authority of the Eastern Adriatic Sea is delighted to host the **15th Mediterranean Ports and Logistics 2027 Exhibition and Conference** here in our beautiful city of Trieste from Tuesday 13 to Thursday 15 April 2027.

A two days Conference Program will feature **45** world-class conference speakers addressing topical issues and challenges for transportation and logistics infrastructure. The conference will be attended by a gathering of **400** senior executive harbour masters, harbour engineers, port engineers, maintenance supervisors and procurement decision makers together with the region's leading shippers, cargo owners, importers / exporters, shipping lines, freight forwarders, logistics companies, ports, terminal operating companies, railway operators, port equipment and services suppliers from countries throughout the Mediterranean, Europe, Middle East and North Africa.

There will be an opportunity for a limited number of **50** exhibitors to network directly with delegates at this major annual international maritime transport Exhibition and Conference trade event. You are invited to reserve your first choice of exhibition stand on the Exhibition Floorplan and register a conference delegation while there is still availability.

We look forward to welcoming you to Trieste on the occasion of your participation at the 15th Mediterranean Ports and Logistics Exhibition and Conference 2027. It will be a great opportunity to discover our charming port-city located on the Adriatic Sea. Trieste is Italy's leading railway port, with daily rail connections to major European destinations, through an efficient and constantly expanding intermodal network. A true port network, where the sea is integrated with the hinterland, which can offer value-added activities to serve complex industrial systems, and an ideal access point for trade to and from the Far East and throughout the Mediterranean.

Yours sincerely,

Marco Consalvo
President
