# ONE NETWORK, DIFFERENT SERVICES

# DAILY INTERMODAL SERVICES BETWEEN ITALY AND FRANCE

## RAIL-ROAD TRANSPORT

Metrocargo Italia provides connections between Northern Italy and France via Genoa-Vintimille, with daily and weekly services both in North-Western (Mortara-PV, Castelguelfo-PR, Borgo San Dalmazzo-CN) and North-Eastern Italy (Valdaro-MN, Portogruaro-VE, San Giorgio di Nogaro-UD).

## OUR COMMITMENT IN BORGO SAN DALMAZZO

In the two-year period 2019-20 Metrocargo Italia carried out Euro 1.5 million investments to purchase about 180 swap bodies and 1 reach stacker crane, and to hire the Personnel to be employed in the terminal.

TRANSPORT SERVICES

A screenshot of a digital form for rail transport documentation. The form is divided into several sections with numbered tabs. The top section is titled 'Lettera di vettura CIM' and 'Lettere de voitures CIM'. Below this, there are fields for 'Lettera carro CUV' and 'Lettere wagon CUV'. The form includes various input fields for text, numbers, and dates, as well as checkboxes and dropdown menus. The bottom section contains a table with columns for 'N° di vettura', 'Data di emissione', 'Data di scadenza', and 'Data di ritiro'. The form is designed for efficient data entry and management of rail transport documents.

# INTERFACE WITH RAIL UNDERTAKING

## REAL-TIME DATA EXCHANGE THROUGH MILOS®

Our system allows a real-time data exchange with IT systems of FuoriMuro for technical verification and train training activities (VerForm) and for operations (LogiShift).

## OPPORTUNITIES OFFERED BY DIGITISATION

CIM document containing matches between wagons and swap bodies is transmitted directly to the software for the technical verification.
