KMTF
KAZAKHSTAN MARITIME TRANSPORT AND LOGISTICS COMPANY

KMTF
KAZAKHSTAN MARITIME TRANSPORT AND LOGISTICS COMPANY

Since 1991, KMTF has been developing maritime transport and service in Kazakhstan, making it an efficient maritime transport system in the Caspian and other water areas.

Services provided: highly efficient, low-cost maritime transport, handling and storage of cargo, integrated with international networks of maritime ports.

Type of services:

- Transportation of Caspian, Black and Mediterranean seas;
- Transportation of containers and other general cargo;
- Custom fees for the offshore projects.
