Drewry Maritime Research

Continuously monitoring the world's maritime markets – since 1970

An indispensable reference since 1970, providing rigorous analysis and insightful commentary on past, present and future sector performance. We offer a comprehensive range of titles and online services that keep our clients up-to-date with developments in every key maritime sector, from dry bulk to chemicals, LPG to ferries.

SECTORS COVERED

- Containers
- Dry Bulk Shipping
- Ports and terminals
- Tanker Shipping (Product/Grude)
- Chemical Shipping
- LNG / LPG
- Multipurpose Shipping
- Ship Operations/Manning
- Reefer
- Container Equipment

RESEARCH TYPES

- Monthly market insights
- Quarterly market forecasts
- Annual sector reviews and forecasts
- Spotlight analysis/Special situations
- Impact analysis

AUDIENCES SERVED

- Ship owners and operators
- Importers/exporters
- Banks/Financial Institutions
- Port Authorities/Technical operators
- Equipment manufacturers
- Government agencies
- Investors

Our connections. RHDRV works in association with many other organisations, society together, now and

All Royal Netherlands Chamber of Commerce, Royal Dutch Shell, and other international bodies in Europe and Asia.

A middle-aged man with glasses, wearing a dark suit jacket over a white shirt, is standing and speaking into a handheld microphone. He is holding a small black device in his other hand. Behind him is a large blue presentation screen with white text. The screen is divided into two main sections: a top-left section with a colorful abstract graphic and a larger right section with a list of professional roles and dates. The background is dark, suggesting an indoor event space.
