- Transforming the Beira Corridor

1998

- Start of Operations under Cornelder de Moçambique
- Great location, a lot of potential but with limitations in the hinterland.
- Access Channel with a draft of -3m.
- 301 employees in the company of which only 10 were Mozambicans
- Few computers, no centralized system
- 1 Reach stacker, 1 Forklifts.
- Mozambique Company with annual sales of 100 million
- Small time
- Small time

WE ARE YOUR SERVICE OFFER
is your trusted partner for port strategy and transactions, specialising in PPPs, which
ent decision making across the port industry

The image shows a man in a dark suit and glasses speaking at a wooden podium. He is wearing a lanyard with an 'Africa' badge. Behind him, a large screen displays a presentation with the following sections:

- Ports**: A circular diagram with four quadrants, each containing an icon (a ship, a factory, a person, and a map of Africa). The center of the circle has the text 'mitis'.
- Terminals**: A section with a blue background and a white icon of a ship.
- Inland Ports**: A section with a blue background and a white icon of a factory.
- Strategy**: A section with a blue background and a white icon of a person. The text reads: 'Our presence in ports' boardrooms enables us to develop to-market plans, expansion strategies, masterplans, operational reform, organisational reform and other strategic opportunities.'
- Valuation**: A section with a blue background and a white icon of a person. The text reads: 'Our presence in ports' boardrooms enables us to develop to-market plans, expansion strategies, masterplans, operational reform, organisational reform and other strategic opportunities.'
- Transactions**: A section with a blue background and a white icon of a person. The text reads: 'With our presence in ports' boardrooms enables us to develop to-market plans, expansion strategies, masterplans, operational reform, organisational reform and other strategic opportunities.'
- Supply Chain**: A section with a blue background and a white icon of a person. The text reads: 'With our presence in ports' boardrooms enables us to develop to-market plans, expansion strategies, masterplans, operational reform, organisational reform and other strategic opportunities.'

Three other men are seated in the foreground, looking towards the speaker. The man on the left is wearing a patterned jacket, the man in the middle is wearing a dark suit, and the man on the right is wearing a blue suit. There are water bottles and papers on a table in front of them.

West Port (1886) : 69 Ha
Quays length : 3 000 m
Turning circle: 350 m
Draft: 4,5 m - 9 m

- Yachting and fishing
- 3^e base french navy base
- Sugar exports in bulk
- gas, cement and bitumen imports in bulk
- Ship repairing facilities

OUR STRATEGIC INTENT

Our Strategic Aspirations

- National Gateway for trade and commerce
- SADC's Energy Industrial Hub
- West Africa's Industrial Hub

Our Strategy

Concerns of Trade Costs for Landlocked Developing Countries (LLDCs)

► The Regional Reality

- Thousands of trucks queue daily at key crossings (1,000+ days)
- Delays ripple across entire supply chains – inefficient
- Every hour lost compounds costs and weakens regional

WCS
What is a SWAG?

- The rope forces increase dramatically, and the boom structure is overloaded
- Especially at high-speed lifting a sudden and extreme over

...Consequences

- Tearing ropes, broken gears, or even worse

ABOUT TANGER MED ENGINEERING WHO WE ARE?

Tanger Med Engineering (TME) is an engineering consultancy firm, specialized in planning, design, construction supervision and asset management of port/maritime facilities, logistic and industrial projects.

Based on the experience and the expertise of its engineers, TME delivers innovative, value-engineered solutions tailored to the client needs.

TME is a subsidiary of Tanger Med Special Agency (TMSA). TMSA is a public limited company with an executive board and a supervisory board, in which government ministers and heads of the public entities concerned are. TMSA is in charge of the development, planning and management of the Tanger Med industrial port complex.
