AFRICA IDIPO

**A NEW MAJOR GATEWAY
TO AFRICAN MARKETS**

As one of the world's busiest maritime routes, Djibouti's strategic location makes it an ideal gateway for African countries to global markets. Djibouti is also a critical link in one of the world's most important global infrastructure networks - China's "Belt and Road" initiative.

Djibouti's International Free Trade Zone (IFTZ) provides a unique opportunity for businesses from around the world looking to enter the African market. IFTZ will serve as a hub for export of industrial goods as the gateway to the Indian Ocean, the Red Sea, and the Gulf of Aden.

The project is being led by a global alliance bringing over a century of expertise in trade and logistics. The IFTZ Project Partnership (IP) will be managing the project, consisting of Djibouti's Port of Djibouti (PDJ) and Free Zone Authority (DFTZ), together with local major Chinese partners: China Resources Group and Cosco Shipping.
