Evolution of Port Victoria

Land Marine Ltd

Since 1994, Land Marine Limited (LML) has been the gateway between the outer islands' import/export industry. Despite perhaps one of the smallest commercial ports, Victoria handles a throughput of about 1.5 million tonnes of cargo annually. As a result of the increasing demand and export as well as LML's own pursuit to project to expand the commercial

Vision

To establish the Port of Victoria as a leading contributor to the national economy, while maintaining its reputation as a responsible operator of the port. Appreciated for its commitment to the environment and its role in the development of the islands.

Mission

To be a productive and efficient port operator, transparent, integrated, and fast, offering services for all types of cargo, with excellent customer service and competitive rates.
